

Malta Opportunities, Inc. DONATION VALUATION GUIDE

Malta Opportunities employees cannot determine the value of your items. The IRS requires that the donor value their items. It is your responsibility, if you are planning to seek a tax deduction, to total up your donation's fair market value.

This guide may help you in determining the fair market value of your donation to Malta Opportunities' Thrift Store. The guide contains a range of estimated value. Consider the item's age and quality in determining an estimated value. Remember this is only a guide. For professional advice, please consult your tax advisor. This list is not all-inclusive.

Malta Opportunities employees can provide a general receipt of donation, upon request, that dates when the donation was received.

MOI does NOT accept donations of: large household appliances, gas appliances, propane tanks, construction/remodeling debris, large console TVs, automobile parts, paint or chemicals of any kind, mattresses, box springs.

MOI cannot safely accept items that are broken, missing parts/pieces, recalled, food/drink, household cleaners, frayed wires/cords, items that are not in working order.
